FOREWORD

If this book can bring to you memories of one of the never-to-be-forgotten years of your college life; if it can perpetuate the ideals and traditions of the institution, and if it can picture to the people of the state the work of the greatest friend and ally they have in progress and happiness, the labor expended in its production will be justified.

Sketch of Louisiana State Normal College

As the State Normal School of Louisiana, this institution was established by legislative enactment in the year 1884, and was opened for the reception of students on November 1, 1885. The purpose for which the institution was created is the training of the white youth of the State as teachers, and it is the only state school established for this sole purpose.

The Constitution of 1921 changed the name of the school to Louisiana State Normal College, although a full four-year course had been established in 1918.

Attendance at the State Normal College has increased from a score of students the first session to nearly 2500 in 1924; it is now the tenth largest normal college in the United States. During the forty years of its existence, the separate yearly enrollments total 39,700. According to a survey of the trained teachers of the State in 1924, the State Normal College has twice as many teachers in service as all the other teacher training schools in Louisiana combined.

The institution maintains the high standards of all the recognized American teacher training colleges. In entrance requirements, qualifications of its teaching staff, amount and quality of work required, organization of its courses and curricula, the supervision of student activities, it is on a par with the best among the teacher training colleges of the country.

The college plant is valued at approximately \$1,000,000. Following is the equipment of buildings: two brick academic buildings, one frame science building, three fire proof concrete dormitories, one brick dormitory, eight frame dormitories, one concrete dining hall and dormitory, one brick gymnasium, one concrete laundry building, one concrete power house, one brick infirmary, one concrete dairy building, two frame dwellings, three frame barns, two frame sleeping pavillions, one frame carpentry and machine shop, one frame coal bin, three frame poultry houses, and four cabins.

Other equipment consists of a library with 20,000 volumes, a school of music with twenty-four pianos, seven laboratories, concrete swimming pool, 2700 feet of covered walk, water plant with six wells and machinery, water reservoirs having capacity of 130,000 gallons, two dynamos 100 k. w. and 75 k. w., three 120 h. p. boilers, complete ice plant, complete sewer system, complete steam heating system, fire apparatus valued at \$4000, 410 acres of land, dairy composed of sixty-one grade and registered Jersey cattle, ninety head Duroc Jersey hogs, 1300 head poultry, five head of mules, and athletic park composing ten acres.

It would seem from the foregoing that the State Normal College is well equipped, but such, however, is not the case. The institution is sorely in need of a new building to take the place of Boyd Hall which is used for the classes in science, and which is a veritable fire trap, and a building in which should be housed the library, auditorium, offices of administration, and literary science halls. The 1925 Potpourri Staff sincerely hope that the staff of the 1925 year book will have the opportunity and pleasure of placing in the view section sketches of a new Science Hall and Administration Building.

FAREWELL-ALMA MATER!

When Evening draws her curtains for the night,
And kindly stars look down upon the deep,
'Tis time for mortal eyes to close their lids
And find their sweet content in peaceful sleep.

Yet I, a member of this mortal band,
Must lie awake and gaze up at the sky,
Then turn towards the billows of the deep
To watch my Ship of Memory drift by.

'Tis laden with the sweet delights of youth,
Of happy schooldays, hours I cherish most;
And 'mid the treasures lies a tiny box
Of precious moments, idly wasted—lost!

And you, my Alma Mater, man the ship;
You lead it through the treachery of Night;
For, though the waves leap high upon the deck,
Your steady hand still guides my boat aright.

I see you with your stearn and stalwart crew,
Of Faith, and Truth, and Honesty, and Hope—
The helpers four who gave me valor, strength,
When with temptations I did bravely cope.

But as my ship sails o'er the Sea of Life,
My weary eyelids close; and I have gone
To slumberland, to dream of future days
And rest the while my bark goes drifting on.

And lo! the dawn is breaking in the East;
The crimson hues are changing into gold;
The stars have gone to bed, and all is bright,
For moon has fled, and Day is growing old.

The sunbeams dancing 'round about my face
Remind all too soon—ah yes, 'tis true
My Soul has wakened from the land of dreams;
My own dear College, I must part from you

Yet, keep a place within your heart for me,
And let your Spirit guide me as I roam,
Dear Alma Mater, when I need you most,
Then call me back again—to You and Home.

—FLORENCE BLANCHARD.

A MONUMENT OF GLORY

By the shores of Chaplin waters;
By the silky, shining waters,
Stands a monument of glory
To the Goddess Education.
And the trees around are swaying,
While the breezes through them playing
Softly tell of men and women
Who go forth to teach the nation.

And the hill is staunch and solid,
And the monument is solid
As it stands in all its greatness
To the Goddess Education.
Sending out its beams of knowledge
Stands the stalwart Normal College,
Sending also men and women
Who go forth to teach the nation.

And within this wondrous temple
Stands the keepers of the temple;
They who give their souls and bodies
To the Goddess Education
And they act on many stages
Spending time throughout the ages,
In instructing men and women
Who go forth to teach the nation.

And within these walls of learning
Still are others who are learning,
And they soon will pay their homage
To the Goddess Education.
And they spread abroad the knowledge
They have gained within the college
Leaving here as men and women
Who go forth to teach the nation.

THE SPIRIT OF NORMAL

"Write me as one that loves his fellow men."

All the philosophies of the ages are subservient to the one here expressed. Love, the most beautiful of all words, rings like the sweetest melodies. Love, the greatest gift of God to man, is the light of life, the sunshine of the soul. In the heart of man, God placed love and faith and then made the promise that all other things would be added. So the trusty man, his heart being right, raises his head with renewed strength and serves God and His creatures, nobly and well. Faithful to his fellowmen, he marches on with unfaltering steps; and the world says, "This is a loyal man." Loyal? Yes. He stops not when the battle is over, for it is then that the work is barely begun. With a firmness of purpose, he continues to serve, not aware of his reward, not knowing that "He's the noble who advances Freedom and the Cause of Man."

Deeds ever so small yet ever so noble and kind, service unending and great—these are the work of loyal and faithful men. Scattering the sunbeams to the darkest corners, singing the message of love where music is unheard and unknown—these are the noble services. They may not take the form of spectacular play; they may be far removed from glory, praise and applause; for

*"The tumult and the shouting dies
The captains and kings depart
Still stands Thine ancient sacrifice;
An humble and contrite heart."*

"NOT ON TOP, BUT CLIMBING"

Not on top but climbing,
Upward and onward we trend;
Scaling our mighty ladder,
Hoping for gold at its end.

Not the gold of a miser,
That do we truly confess;
But the prize earned by labor
The valued gold of success.

And each rung means a hardship;
But each step brings us nearer;
Towards our future shining goal,
Could we hold money dearer?

While we have Faith and Courage
To spur us on as we scale,
And as long as they remain,
We know we will not fall.

We'll not look backward or downward,
But ever towards the top;
And though the climb be rugged,
At nothing shall we stop.

For shall they brand us slackers?
(They who have reached the goal)
And shall they lay it upon us
That we are not daring and bold?

Not on the top but climbing,
Such is our motto so true,
And we mean to find our gold,
No matter what we go through!

MOTTO:

*"Drink deep—or taste not of the Pierian Spring,
A little learning is a dangerous thing."*

COLORS: Pink and Lavender.

FLOWER: Sweet Pea

OFFICERS:

PAULINE OLMSTEAD	<i>President</i>
ELISE FOOTE	<i>Vice-President</i>
WILLIE MAE JACKSON	<i>Secretary</i>

Come for a minute, today, with me
To the land of Pierian Spring,
Where you will draw draughts of knowledge
That will cause your mem'ry to ring.

Whether its ring be dim or clear,
Whether its ring be true,
Whether its ring be false, perhaps,
Will all depend on you.

This wonderful Spring is an echo
Of what your past has been—
The echo of golden schooldays,
Of joys and sorrows seen.

And when you taste of its waters,
It must not be a sip,
Because you must drink deep or else—
'Twill be a worthless trip.'

Far down below the shadows
Are precious drops of worth,
And there you'll gain the knowledge
Of mingled joy and mirth.

You'll taste of mathematics,
Of History,—English too;
But mark me—taste not lightly;
Or else the game you'll rue!

For there's a certain motto
Which all are warned to heed,
And as you come upon it
Lo! this is what you'll read:

*"Drink deep—or taste not of the Pierian Spring.
A little learning is a dangerous thing!"*

"LAUNCHED—BUT NOT ANCHORED."

'Twas many, many years ago
Our ship set out to Sea
To ride the waves of High School Days,
When life seemed naught but glee.

And though the Sea was stormy,
And though the wind did roar,
Our stalwart bark did brave the waves,
And safely reach the Shore.

Oh we were very pleased, indeed,
With College Land so near;
For we had conquered monsters,
And little did we fear.

But still the waves were restless,
And though we've launched our bark,
We might yet drift quite far away,
And 'twould not be a lark.

Because we are not anchored,
We're merely launched, you see;
And were the Boat to sink at Bay,
How terrible 'twould be.

But we are quite undaunted,
For we have hearts of steel;
And though life's storms beset our path,
Our doom they shall not seal.

For we will brave the Furies,
By conquering all the Sea!
And when our deeds go down in print,
Then "anchored" we will be.

"GREEN BUT GROWING"

Springtime is the time of youth,
Birds and Bees and Flowers;
When the lads and lassies bright,
Spend such happy hours.

Trees and flowers stay in bloom
And birds do gaily sing,
Youth is full of jollity,
In the time of spring.

We are part of springtime too,
And spend many hours
Wondering just how to grow,
"Shedding" April showers.

For you see we're very tired,
Being "cultivated";
And we hope no one will say,
"In vain have you waited."

For we hope to sprout right up,
(We are ever growing.)
Adding to the knowledge past,
Other things we're knowing.

And we hope to blossom out,
Dewy, fresh, and bright,
So that Mother Earth may say,
"What a lovely sight."

So although the tempests rage,
And March winds are blowing,
We are Father Spring's true class,
We are "Green but Growing."

MOTTO:

"On first; now score."

COLORS: Black and Gold.

FLOWER: Black-Eyed Susan

OFFICERS:

DEUTSCHE O'NEAL	<i>President</i>
MAY ADDISON	<i>Vice-President</i>
CAMILLE RICARD	<i>Secretary</i>

"ON FIRST—NOW SCORE"

Life is such a funny thing,
Full of ups and downs;
Some are beggers, some are kings,
Wearing golden crowns.

People never understand,
That is some folks don't;
When they're given to make good,
They just simply won't.

We are somewhat different,
As you soon will see;
Though we're just beginning,
Great we're bound to be.

Life to us is almost
As a baseball game,
Where the man who's batting,
Gets the praise or blame.

When he hits a good one,
And he makes his base,
Folks seem mighty proud of him,
As joy lights each face.

Soon he makes another base,
Home is getting near,
Then another boosts the score,
Crowds begin to cheer.

So will our steady team
Ever try for more,
That is why our motto is
This: "On First—Now Score."

A vintage, sepia-toned photograph of a biplane parked on a grassy field. The words "IN FLANDERS FIELD" are printed vertically in large, bold, sans-serif capital letters along the side of the fuselage. The aircraft features a high-wing configuration and a tail boom. In the background, there is a dense line of trees and a small, light-colored building or structure partially visible through the foliage. The overall tone is historical and commemorative.

THE APOSTLESHIP OF PRAYER

The Apostleship of Prayer at the State Normal College is a representative branch of the League of the Sacred Heart, universally established. It is a Catholic organization, the motives of which are to propagate the Catholic faith, to pray for sinners and the faithful departed, and to do charitable work.

The Apostleship of Prayer is at present clothing and educating a little girl, and giving necessary aid to her family.

A second work of charity carried on by the organization is the loan of a sum of money to the Normal College Alumni Association for the purpose of giving aid to any sixth termers who are not financially able to complete their course.

The meetings are held regularly every Sunday in one of the classrooms where a program which consists of an opening prayer, hymns, religious stories, and some religious reading is given. The Reverend Father Peguay visits the circle occasionally at which time he addresses it. This organization affords every Catholic member at the Normal an opportunity to spend an hour every Sunday afternoon in religious worship.

The aim of the Association is properly termed by its statutes, universal; that is, one that every Catholic can and should strive for; one that embraces every good object; and one that can be attained in some measure by every good work accomplished.

The means employed to attain this object are, in general, prayer, whether mental or vocal; and good works of all kinds offered in union with the heart of Christ our Lord.

The Young Women's Christian Association seeks to help girls in their quest for life at its best; to change this quest into the realization that it becomes; to deepen thinking; to break down barriers; and to widen the reach of our love. The young Women's Christian Association endeavors to promote fellowship among young women, to bring them into closer relationship with all mankind, to encourage service for others; but, most of all, it challenges students to take Christ seriously, to study conditions in the world today and then intelligently apply Christ's principles as revealed in His life to actual conditions of life at the present.

On the campus, projects are carried out in race relations, world fellowship, industry, war, and Bible Study. In addition to these projects there are devotional services every Sunday evening; Morning Watch, a service of prayer and worship, every morning before breakfast; and prayer meetings at least once a week. Various social gatherings bring the girls together and add joy to their college life. But there is no doubt that the greatest joy of all comes in the realization that girls are really thinking and seeking to live life in its richest, fullest sense.

The aim of the Young Men's Christian Association is to bring the young men into a closer personal relationship with their Creator, God, and Savior, Christ. This aim is to be accomplished by a threefold development of spirit, mind, and body. No man can be clean spiritually until he is clean mentally, nor can he be clean mentally until he is clean physically; therefore it is for this reason solely that the Young Men's Christian Association movement is initially physical. It must not be supposed, however, that because the other elements are rarely heard of that they are absent. Such is never the case. Especially is this true in regard to the student department of which this Association is a part. The students of the Young Men's Christian Association leave athletics to the control of the school and devote their energy to the improvement of the students, mentally, spiritually, and morally.

The Young Men's Christian Association of the Louisiana State Normal College is a live organization of over fifty members. It maintains a higher score than any of the other student Associations in this district. It has been represented at all conferences, conventions, and council meetings held in this section of the state. The Association here expects to send four men to the ten-day Summer Conference at Blue Ridge, North Carolina, in June.

Normal will be sure to feel the power of the Young Men's Christian Association during the coming year.

SATURDAY, November 15—L. S. U. 'Varsity at Baton Rouge. L. S. U. 40, Normal 0.

THANKSGIVING DAY—Southwestern at Normal. Normal 0, Southwestern 20.

BAKER

"Bake" was one of the outstanding players of the team. He was used as a triple threat man. His punting saved many yards for the Demons. In open field he was exceptionally hard to stop and accounted for numerous big gains.

BARHAM

"Juicy" came through big as a substitute half back. This diminutive little fellow possessed a knack of slipping through the opponents' line for substantial gains.

BLEAKLEY

He did not become a member of the regular guard until the last of the season but proceeded to establish himself as a valuable player.

EASTIN

"Cajan" was good at plunging the line. From his position at fullback, he showed up well as a great defensive player.

GREER

P. C. was a steady and reliable player at end throughout the season. His work is commendable in as much as he played the entire season with an injured shoulder.

MANNING

"Slim" played his third year for Normal at guard and center. On offense few plays were driven through him.

MONTAGNE

"Poon" played well as a sub-halfback. He should prove a valuable man next season.

PARKER

He showed up best on the receiving end of a forward pass. His ability at snagging the ball out of the air was uncanny.

PIERSON

"Jelly" showed up well as a half back. His work in the Arkansas College game was outstanding.

PORTER

"Ma" came through as a substitute end in a flashy fashion. He was lightning on going down under punts and was a sure tackler.

ROACH

"Evon" Roach was a bulwark of strength at tackle. He seldom lost his temper, but when he did it was his enemy's hard luck.

ROBERTS

Playing end, Robert showed lots of stuff. He was lightning on defense; few plays went round his end. Robert will be with us another season.

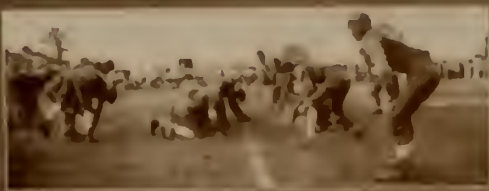

WALKER

He played a dependable game at guard and tackle. He was steady and could always be found in the thick of the fray.

WEAVER

M. R. wound up his second year with the 'varsity and well deserved the honor of wearing a 'varsity "N". His position was tackle which he filled in good style.

GRIGSBY

He was a good player and a hard tackler. While not a brilliant player, he was steady and reliable.

KEEGAN

"St" playing a substitute center showed up well. He was called on to punt when Baker was out of the game.

KILLEN

"Hub", who captained the Demons, finished his third season in football with plenty of well earned honors. From his position, his fighting spirit was an inspiration to his team mates; and they followed their leader through victory and defeat with the same determination to give all they had.

KNIGHT

"Coon" played both tackle and guard and was a valuable line man. He showed splendid form in the L. S. U. game, breaking through the Tiger line time after time to throw the Tiger backs for a loss.

MADDOX

"Cal" was one of the Demons' hardest workers in the line. Few players came through center while he was on the job.

GEORGE BLEAKLEY

"Sid" was sure to do his part when he and Miller once got started.

A. L. SIGLER

"Lefty" gave the guards some kind of trouble with that pivot and shooting from the left side.

PAUL SIGLER

"Lazy Sig" never played a game without making a few ungodly goals.

CLINT SIMMONS

"Old Monkey Face." Did you watch him jump and guard? Almost impossible to pass the ball over him.

J. E. SIMMONS

"Little Elmer." Did you ever see a monkey playing on a wire? He was just that fast and active and has never been excelled.

WILMER SIMMONS

"Sue", the Captain of the Demons and winning his second "N," fought every game to the end with heart and soul.

P. C. GREER

"Cooness," one of the football boys, was hard to beat when he got stirred up.

PEYTON ROBERT

"Beauty" was as quick on his feet as a cat and was some kind of guard.

H. B. PARKER

"Bauc" was long and tall and could tap that ball in center.

CECIL MILLER

"C" was one of those guys that was a dead shot at the hoop.

A. D. JOWERS

"Jad" was one of those wreckers that Coach often spoke of.

CLARENCE DOYLE

"Bud" was small and slick. He could slip around and make the goals.

DUNCAN HART

When the other fellow did his part, Hart was sure to do his.

“Me an’ My Dorg”

“I’d like to introduce to you
 Me an’ my dorg.
 Here’s hoping we get all our due,
 Me an’ my dorg.
 We ain’t so much on looks or style,
 But you might stand us for a while,
 We always try to wear a smile
 Me an’ my dorg.”

“I guess our folks has left us cold,
 Me an’ my dorg.
 An’ gee — we ain’t so very old
 Me an’ my dorg.
 We’ve walked and walked the live-
 long day
 With hopes to find some place to
 stay,
 Say mister—you won’t drive us
 ‘way?
 Me an’ my dorg?”

“We’ll be real true pals to you —
 Me an’ my dorg.
 If you will care for just us two
 Me an’ my dorg
 We’ll stand by you through thick and
 thin
 Remember, we ain’t got no kin,
 Oh mister, can’t we come in?
 Me an’ my dorg?”

“Well sir — if we don’t qualify,
 Me an’ my dorg.
 Guess we’d better say goodbye,
 Me an’ my dorg.
 S’pose we’ll be along our way
 And hunt some other place to stay,
 They might want us in Heaven —
 someday,
 Me an’ my dorg.”
